

ISO 14001:2015 ENVIRONMENT POLICY

AMT Senior Aerospace specializes in precision metal machining, turning, assembly, shipping and sales of aerospace parts. We firmly believe in the protection and sustainability of the environment, therefore, we seek to continually improve our environmental performance through commitment stated in our C.O.R.E values:

- *Commit to pollution prevention and continual improvement while fulfilling the compliance obligations of the company.*
- *Operate in an ethical and responsible manner, providing capital and human resources to develop, improve and sustain the Environmental Management System.*
- *Reduction of wastes through Reduce, Reuse, Recycle and safely disposing of hazardous materials.*
- *Educate and communicate our Environmental Policy, aspects, goals and objectives to all our employees, visitors and contractors.*
